MEMORANDUM TO: Chief, Logistics Office

FROM : Assistant Director for Communications

SUBJECT : Return of GN-58 Generators

1. It is requested that you take the appropriate action to return 1000 GN-58 hand generators (Stock No. 6115-003-2090) to the Signal Corps on a reimburseable basis. It is my understanding that your staff has already determined that the Signal Corps is agreeable to this transaction.

2. It is planned that the funds from the return of the GN-58 generators will be held in a suspense account where they (funds) will be utilized for the procurement of a new lightweight generator during FY-1954 and 1955. This action is in accordance with GAO Accounting System Memo #23 revised, dated 19 June 1953, which permits the use of funds received from the disposal of equipment during the fiscal year of the transaction and the next fiscal year.

3. Representatives of the Comptroller's Office have requested that upon delivery of the equipment appropriate documentation be obtained from the Signal Corps to support the S.F. 1080 billing.

4. It is requested that the Office of Communications be notified upon completion of the sale of the GN-58 generators, so that procurement of the new generators may be accomplished.
